I can deal with you holding yourself down  
I would have carried us through  
I broke my back for you  
I almost thought it was worth it  
I was bled dry  
Now you see it eye to eye  
I broke my back for you  
What a waste, what a waste

I picked you up, you let me down  
I felt it pushing me down, holding me down  
And now you are the one that I trusted...  
No more

I gave you life

To you it was nothing  
And that was the crushing embrace  
Nothing, to you I was nothing

I picked you up, you let me down

I felt it pushing me down, holding me down  
And now you are the one that I trusted...  
No more

I gave you life

You took it for granted, you took it  
You left me with nothing, you took it  
You took it for granted, look at you now

I gave you life
