Ready or not she is my guilty pleasure that haunts and
always will kill me.

I guess it's for the best and is another lesson learned
but baby I'm still hurting.
Contradiction you've been picking every other guy but
me on Friday night.
Guess it's just a test and this time baby I'm not passing
cause I'm not learning.
Contradictions you've been kissing every guy but me
on Friday nights.

In loving memory, of things we use to be.
All battle scars and waging wars are over now.

Ready or not, she is my guilty pleasure that haunts and
always will kill me.
Six feet under, I still love her.
We never made it that far.

I guess it's for the best and is another lesson learned
but baby I'm still hurting.
Contradictions you've been picking every other guy but
me on Friday night.
Guess it's just a test and this time baby I'm not passing
cause I'm not learning.
Contradictions you've been kissing every guy but me
on Friday nights.

In loving memory, of things we used to be.
All battle scars and waging wars are over now.

Ready or not she is my guilty pleasure that haunts and
always will kill me.
Six feet under, I still love her.
We never made it that far.

Six feet under, I still love her. (Multiple times)
