"Full Moon"

I never claimed to be a prophet
I never missed you quite like this before
And theres nothing to do about it
So I'll stop by, and kiss your door.

I never claimed to be a prophet
Though my intuition never failed me before
I have this dreams of distant shores
where we can dance, and discover how beautiful life is

With you...

You will cry, and say to me that everythings all right..
Inside..
Yet I know you long for me like I for you
Heres my hand now take it slow
and I'll touch you so you'll know
the way that things will be so soon
when we'll dance under the full moon.

I never claimed to be a prophet,
But I believe that we can make it in this time
Its my belief, its strong, that through this song, I'll
prove that I'm not wrong
when i confess to the world

I love you....

You will cry, and say to me that everythings all right..
Inside..
Yet I know you long for me like I for you,
Heres my hand now, take it slow.
and I'll touch you so you'll know
the way that things will be so soon,
when we'll dance under the full moon.

Under the full moon...

Heres my hand, now take it slow,
and I'll touch you so you'll know
the way that things will be so soon,

when we'll dance now take it slow,
'cuz this is the way that things will be when we'll dance
under the full moon.
