Suddenly Iâ€™m taken over
I never thought itâ€™d happen so damn fast
My heart has got a brand new owner
Iâ€™m thinkin' of a way to make this last
The problem is I hardly know her
The truth is that I cannot place her name
I donâ€™t think it really matters
â€™Cause hopefully sheâ€™s thinkin' just the same

Lavender
Intoxicate me for a while
Lavender
With your hip infectious style
Havin' her
Will satisfy my deepest need
Lavender
Is givin' me a new hunger to feed

But this should be going better
I really was hoping for much more
I feel like a broken record
Repeating all the things Iâ€™ve said before
She doesnâ€™t really seem to get me
I canâ€™t seem to keep her mind on track
But sheâ€™s got a killer body
And maybe one day we will look

Back on
The day we met
With laughter
When things are better

Lavender
Intoxicate me for a while
Lavender
With your hip infectious style
Havin' her
Will satisfy my deepest need
Lavender
Is giving me a new hunger to feed

Oh no

She dreams of parties and
City nightlife
She barhops taking
Any guy
Who makes her feel like
A princess
And repeats this process

Lavender
Always lookin' for a chase
Forever and ever
Searchin' for the poshist place
Havin' her
Is having seven hundred men
Who slept with her
So fuck it, IÂ'm goin' back to bed.
