One night  
She'll ride  
Like a mystery left  
Without a name

One soft light  
Out of darkness  
One kiss that will not  
Let me claim  
Oooo

She says  
Be still  
I lied too, but  
I never will

One desire  
Not defensive  
One moment  
Left to pass us by

Chorus:  
But I'm not letting you go  
I'm not afraid of taking it slow  
When conversation is done  
We'll take our steps  
One by one  
One by one

So be assured  
I've heard  
All your fears  
And indecisions

Let them go  
Let me show  
How much I could give you  
How much I could give you  
How much I could give  
You

Chorus

No I'm not letting you go  
I'm not afraid of letting you go  
Conversation is done  
We'll take our steps  
One by one  
One by one  
We'll take 'em one by one
