What does it take to satisfy
your need for someone to blame, your need for a
whipping boy
now your trying to take that from me
well here's your answer

(blame me) you can do your best to
(shame me) anything you can to
(hate me) tell yourself again to
(save yourself for someone else)
(blame me) you can do your best to
(shame me) anything you can to
(hate me) tell yourself again to
(save yourself for someone else)

Ever since we started you've been looking for someone
to carry you
And ever since you've been hurt you've been looking
for someone you could hurt too
And now you're trying, to find that in me
Well I'm not your savior

(blame me) you can do your best to
(shame me) anything you can to
(hate me) tell yourself again to
(save yourself for someone else)
(blame me) you can do your best to
(shame me) anything you can to
(hate me) tell yourself again to
(save yourself for someone else)
save yourself for someone else
save yourself

Im not too proud to end this with a broken smile
Tear down these walls
And throw it away

(blame me) you can do your best to
(shame me) anything you can to
(hate me) tell yourself again to
(save yourself for someone else)

(blame me) you can do your best to
(shame me) anything you can to
(hate me) tell yourself again to
(save yourself for someone else)
save yourself for someone else
save yourself
