What does it take
To satisfy
Your need for someone to blame
Your need for a whipping boy
Now you're tryin'
To take that from me
Well, here's your answer:

You'll blame me
You can do your best to shame me
Anything you can to hate me
Sell yourself again
Just save yourself for someone else
(2x)

Ever since we started
You were lookin' for someone to carry you
But ever since you were hurt
You've been lookin' for someone you could hurt, too
And now you're tryin'
To find that in me
Well, I'm not your savior.

So blame me
You can do your best to shame me
Anything you can to hate me
Sell yourself again
Just save yourself for someone else
(2x)

Save yourself for someone else
Save yourself...

I'm not
Too proud
To end this with a broken smile
Tear down
These walls
And throw it away

Blame me
You can do your best to shame me

Anything you can to hate me
Sell yourself again
Just save yourself for someone else
(2x)

Save yourself for someone else
Save yourself...
