I want to be a spiritual person.  
I want to have a code of ethics.  
I want to have morals to live by,  
Fire to light the accord of my life.  
Take a break from the endless  
Monotony of the loveless  
Today is gone and I'm moving on.  
I'm moving on.

Time to leave it all behind start another life.  
Take a risk and follow blind searching for the light.  
Hide a whisper from the crowd and find my own way  
out.

I want to be a legendary lover.  
I want to have the tools to please her.

I'll lay her down yeah I'll lay her down.  
Find my own education, learn the key to her seduction.  
Today is gone and I'm moving on.  
I'm moving on.

Time to leave it all behind start another life.  
Take a risk and follow blind searching for the light.  
Hide a whisper from the crowd and find my own way  
out.
