The heat here makes me want to leave,
Take a shot to ease the burn.
Ash the parchment memories,
20 seconds till I turn.

We've come this far,
Not backing down.
Can't stop it now.
We'll fight ourselves another war.

And I'm not leaving
With out admitting all our sins.
One last thought before I die,
Define our need to fight.

Beyond the curtain masquerade,
There's lead left buried with the names.
If we knew we weren't coming back,
Would all the answers be the same?

We've come this far,
Not backing down.
Can't stop it now.
We'll fight ourselves another war.

And I'm not leaving
With out admitting all our sins.
One last thought before I die,
Define our need to fight.

We've come this far
Not backing down.
Can't stop it now, can't stop it now.
We've come this far,
Not backing down.
We've come this far,
Not backing down.

And I'm not leaving
With out admitting all our sins.
One last thought before I die,
Define our need to fight.
