I sing a song of love
Sing a song so lonely
When angels are up above
And fear is now below me
I don't understand
The way that I feel
I think I can't
'Cause these thoughts
Are to real

Chorus
But I'm screaming
There's no one there to hear
Needing you near
But there's no way
Out of your control
I'm bleeding now
Without you
I'm reeling
From the feeling
That I won't be
With you here again

Fill me with your smile
Thrill me with your emotion
Hold me for a while
Make me your inspiration
What I want to know is
How to be
Near to you
Far from you
Here with you
Talk to you
And wish for you
To love me too
And wait for the day
That I'll live with you

Chorus

I feel this way (I feel this way)

But I wont say
Anything to anyone
Until I can see the day
When you feel the same
I won't say
Anything to anyone
Until I can see that day (That day)

Chorus

I feel this way (I feel this way)
But I wont say
Anything to anyone (Won't say)
Until I can see the day (The day)
When you feel the same (You feel the same)
I won't say
Anything to anyone
Until I can see
That day
