Wasting time on my own thoughts
Pulling me in so deep
Thoughts of you in our little world
It makes me cold, it makes me weak

I self destructed, I reconstructed
I owe this all to you
For a while you let me forget myself
But once again, the real me is alive

I put myself here
Look what it's done to me
I'll keep myself here
Now watch me bleed

I wanted to believe in you
I tried to believe in the lie
It was a lie
Now you see what it did to me
It was a lie

I'm self reliant, I'm self confinement
I owe this all to you
You showed me that I'm the only one I know
So once again, the real me is alive

I put myself here
Look what it's done to me
I'll keep myself here
Now watch me bleed

I was taken apart by what I never knew
I was taken apart, the ugly part of you
I was taken apart by what I never knew
I was taken apart, the ugly part of you
The ugly part of you

Spend time with the broken man
Spend time with the broken man
Spend time with the broken man
Spend time with the broken man

I owe this all to you
I owe this all to you
I owe this all to you
I owe this all to you

I was taken apart by what I never knew
I was taken apart, the ugly part of you
I was taken apart by what I never knew
I was taken apart, the ugly part of you

You, you
You, you, you
