"Learn To Obey"

Your children will learn to obey and will replace your in
this life of slavery.
Interrogations and equations, they will never teach the
formulas.
Shut up and hear this lesson, learn to obey!!!
Your time is now!
Open your eyes!
Don't lose the chance of changing your life.
You Scream will break the silence and make everyone
think... the ray of light!!!
Your children... Interrogations!
Your time (is now!)... changes your life!
Your scream is... the ray of light!
Frustrations and deceptions... don't lose the chance of
changing your life!
Ignorance and conformation, your scream will break
the silence.
No reaction and no reflections, learn to obey and lose
your hope - Now!
