I lay here silent, how do I tell her  
How far away I feel  
With every breath she tries to hold tighter  
But far away is all I feel

You needed a hand and I tried to be that hand  
But life is yours to hold  
Strap down tight, it's going to be a long ride  
It's time you ride alone

Then she said, "I found God  
But I'm not the God you see"  
Then she said, "I found God  
But I'm not the God you see"

"Don't leave me like this alone", she said  
"I'd die to be with you  
I took my own life, I took my own life  
I took my own life with my own hands"

Listen to me, listen to me  
Listen to me 'cause I can't save you  
Listen to me, listen to me

Listen, I've got to save myself  
I've got to save myself  
I've got to save myself  
I've got to save myself

Then she said, "I found God  
But I'm not the God you see"  
Then she said, "I found God  
But I'm not the God you see  
Put your nails in me"

She said she's never felt alive

Then she said, "I found God  
But I'm not the God you see"  
Then she said, "I found God  
But I'm not the God you see  
And I could never be"

Oh, I can't save anybody  
No, I can't save you  
Put your nails in me
