Looking back my shadow's tryin' to steal away  
Searching for some words that I've failed to say  
Tryin' to be blinded and to loose the way To your heart

Seeking for a truth that's tumbling out of sight  
Sleeping on the sidewalk dying in the night  
Soothing all the memories that I want to fight  
In your heart

Refrain:

Won't you believe in me?  
For I'm nothing but a faker  
Proudly wearing my paper crown  
I'm just the undertaker  
Of the dreams I haven't found  
I'm nothing but a liar  
I'll surly try to tear you down

Caught in restless dreams I'm waiting for a while  
Look into your eyes but they have lost their smile  
Gatherin' my delusions that I save 'till I Get your heart

Won't you believe in me ?
