"Nothing's gonna stop, nothing's gonna stop, nothing's gonna stop me"

Cuz the sound's so amazing, amazing  
Like the sound of the voice of Marvin Gaye  
Singing a song of choice I'm saying  
Niggas still find a way to hate the plate you was making  
Cuz the beats is dangerous, and the rhymes is crazy  
And my flow is on that new age shit  
So I'm like, damn how can they hate this  
But niggas still can't relate like two kids that ain't kin  
But I know the flow it can't be stopped  
Maybe not, burnt Cajun flaming hot shit  
Niggas start laying like ? with they face to the floor  
And prayin', hoping I don't make shit  
They shake when my feet start pacing the floor  
From back and forth anticipating  
My next line, this torture, scorchin' ya faces  
That might be a quote in the source pages

"Nothing's gonna stop, nothing's gonna stop, nothing's gonna stop me"

Hook: [Ahk]

Come and fuck with your mans, blaze up the gas, cups  
in your hands  
Going for the crown it's the world renowned  
Came thru the door and we SHUT SHIT DOWN (2X)

"Nothing's gonna stop, nothing's gonna stop, nothing's gonna stop me"

The backseat driven, the Black beat riffin'  
They all rap, but when it's Black it seem different  
They call back-up, niggas need they teams wit 'em  
We nod back and can't move my teams pivot(?)  
Stack the green then I throw it in a the pot  
Stay flyer then the witches broom floating in the sky  
Going to the top like a ballon that's floating outside  
And your hand can't grab the string tied to it  
Rhymes congruent, yeah I still rhyme fluent

Just because I do beats, niggas thought I might lose it  
Nope, I'm still tight to it  
Like two dykes with strap-ons tied to them  
Hell yeah I got something to prove, and I might prove it  
I need five mics and my money tight Jewish  
Money like white women last name Stewart, but  
First name Martha, I make money off ya  
You can't stop me

"Nothing's gonna stop, nothing's gonna stop, nothing's  
gonna stop me"
