"One Star"

Visit "[One Star](#)" on MotoLyrics.com

You're groundless in assertion
A deceitful pen at play
There's nothing as apparent
As a shallow mind's display

One star (one star)
And you're wrong (you're wrong)
You make me sad inside
Don't make me mad inside

Everything you wanted
Was nothing you can have
Talent is no sure thing
And it limits your effect

How can you question my ability?
Without showing me some decency
An exhibitionist, the star in you
Never regretting if it wasn't true
