Oe oee
Here's a version of the truth
Oe oee
So make the time and hear me out
Oe oee
Before you pack and say goodbye
Oe oee
Forget your sleepy little town

And every little schoolgirl
Will fall in love with you
Tempted by your sad face
And the simple truth
Never knew what hit you
Just a product for the youth?

Oe oee
Are you strong enough for that?
Oe oee
All the drawbacks are concealed
Oe oee
And friendships will dissolve
Oe oee
They'll be applauding your decline

Don't make this harder for me
Than it already is
I know you've got to try
But so do I
