"The Peace Comes To Destroy"

Their culture is a dictatorship
Of material slavery.
Lovers of the stench carcass of society...

Keep the peace in the ruins.
The peace comes to destroy.
Bring them to rot... to rot in peace!

Prepare the weapons.
The peacemakers come back.

Get out of this war. This is not yours.
Go to hell with your fucking peace.
My way I take... with honor and dignity.

Keep the peace in the ruins.
The peace comes to destroy.
Bring them to rot... to rot in peace!

The peace comes to kill!
