Sixteen, a bombshell and my friend
Brown flowing silk for hair
Chocolate eyes and a natural tan
A candy cane smile, pure as snow and love
Somewhere along the way
I guess I fell in love
You said you're gonna miss me
And I just laughed
But then you just disappeared
And left me only with
The re-runs of the past

Looking back at the times
We once had
Sixteen, a bombshell, and my friend
Laughing, having fun
Just you and me
Take me back to the time when we were friends

You wanted to ditch
But I felt bad
Small town values, colliding with big city demands
Got so high off the bliss you'd inject into me
We both thought we were the beginning
Of a good thing

You said you're gonna miss me
I wanted to cry
And then you just disappeared
Left me waiting there
All alone and in the rain

Looking back at the times
We once had
Sixteen, a bombshell, and my friend
Laughing, having fun
Just you and me
Take me back to the time when we were friends

You said you're gonna miss me
That night I cried
Thought about what we had

Why did it have to end
Who took the you out of I

Looking back at the times
We once had
Sixteen, a bombshell, and my friend
Laughing, having fun
Just you and me
Take me back to the time when we were friends
