Time to play the game x3

Its all about the game you fall like the rest, your failure
is my success
It's all about control, will you make it? I will deliver the
pain you
Can take it
I'm in control, I am the pain, after this you won't be the
same
This is my time I make the rules you mess with this and
you die like a fool.

Chorus
PAIN here comes the pain x4

Time to play the game

I am the debt that can't be paid, your going down in
flames
This the time I cannot lose Live or die you'll have to
choose
It's all about me I am the one, soon you'll see there's
nowhere to run
I am the threat that is so real through the blood and the
sweat and pain you will feel.

Chorus

Nowhere to run nowhere to hide, now it's time to die
I am the pain I am the game you won't forget my name

Time to feel the pain x3
Time to play the game x4

Chorus
