Don't let em take it away from you  
You give up and ? you through  
Don't let em take it away from you  
Away from you, away from you.

What's wrong with this world today  
Don't get it, ? admit it.  
We let em take every day for free  
Don't get it, ? admit it.

You're the light, break the pads,  
Take this back. Before will erase.

White lights, who'll be told  
when they pass out the blindfolds  
We're out of pace, out of time  
But the lucky ones are see first light  
Show show show, show show show.

What's wrong with anxiety  
Don't get it, ? admit it,  
Stand up for what you believe  
Don't get it, ? admit it,

You're the ? break the pace ? the face.

White lights, who'll be told  
when they pass out the blindfolds  
We're out of pace, out of time  
But the lucky ones are see first light  
Freedom will ? so pass out the black walls  
But out of place, out of time,  
But the lucky ones are see first light

Don't let em take the freedom away  
You wanna give what they take every day.  
Don't let em take the freedom away  
You wanna give what they take every day.

I pray for you, generation without a clue  
I'll pray for you

Generation without a clue

White lights, who'll be told  
when they pass out the blindfolds  
We're out of pace, out of time  
But the lucky ones are see first light  
Show show show, show show show.
