Yeah, oh yeah

Pocket full of dreams and a head full of nightmares  
No man is gonna kick me off my high chair  
No heroin or, or cocaine  
Just need a spark to keep this level headed trip clean

I got everything I need  
A triple dose of what your god bleeds  
I'm not breaking, your world's just shaking  
How does it feel down on your knees?

I am who I am  
I'm King Zero, I'm King Zero  
I am who I am  
King Zero in this land of nothing

So much suffering  
In my land of nothing

Eyes of glass and a handful of my cares  
Make the rules, change 'em up as I dare  
No second chance or a second glance  
Cross me, feel the fist behind my rule

Shooting stars, sipping kerosene  
With every shot I see everything I need  
If I can dream it, then I can be it  
I am, baby, all I need

I am who I am  
I'm King Zero, I'm King Zero  
I am who I am  
King Zero in this land of nothing

I'll roll you over just as fast as I can  
I'll roll you over like the Son of Sam  
I'll roll you over, baby, here I am  
I'll roll you over, oh

I am who I am  
King Zero in this land of nothing

I am who I am  
I'm King Zero, I'm King Zero

I am who I am  
I'm King Zero, I'm King Zero  
I am who I am  
King Zero in this land of nothing

So much suffering  
In my land of nothing  
So much suffering  
In the end there's nothing
