One finger and a fist  
I'll crawl my way out of any situation  
I got a one, two punch  
I'll fight my way out of any confrontation

I got news for you  
You're not the first one, or the last  
Won't take abuse  
I see one shot  
You're running fast  
What you gonna do?  
You're going crazy  
I'll pay my dues  
You know the truth  
You're going against me  
And you'll lose

Play your hand without a deck  
You've made your battlefields

Chorus:

One finger and a fist  
I'll crawl my way out of any situation  
I got a one, two punch  
I'll fight my way out of any confrontation  
One finger and a fist  
I'll crawl my way out of any situation  
I got a one, two punch  
I'll fight my way out of any confrontation  
One finger and a fist  
One finger and a fist

I got news for you  
You run your mouth now  
I shut you up  
You got no clue  
It's gonna go down  
We gonna go  
What you wanna do?  
You call me insane

I pay my dues?  
You know the truth  
You go against me  
You'll always lose

Raise your hands or hang your head now  
Either way you fail

Chorus:

One finger and a fist  
I'll crawl my way out of any situation  
I got a one, two punch  
I'll fight my way out of any confrontation  
One finger and a fist  
I'll crawl my way out of any situation  
I got a one, two punch  
I'll fight my way out of any confrontation

I'm a hardcore son of a bitch  
You know I'm a hardcore  
I'm a hardcore  
Son of a bitch  
I'm a hardcore

Chorus:

One finger and a fist  
I'll crawl my way out of any situation  
I got a one, two punch  
I'll fight my way out of any confrontation  
One finger and a fist  
I'll crawl my way out of any situation  
I got a one, two punch  
I'll fight my way out of any confrontation  
One finger and a fist  
One finger and a fist  
One finger and a fist  
One finger and a fist
