Whatever happened to until death do us part?
Together forever slowly severed us apart
You know, dreams are just like lies
(Dreams are just like lies)

When you walk away
I never want to feel again
As the blackness settles in
And I only have one thing left to say

You're the reason that I'm alive
(Reason that I'm alive)
Twist that knife but I just won't die

You're the reason that I'm alive
(Reason that I'm alive)
Leave you here as you watch me fly away

Woah-oh, woah-oh, as you watch me fly away
Watch me fly away

Whatever happened to the lies that I believed?
And wasn't it you that said the truth will set us free?
You know, dreams are just like lies
(Dreams are just like lies)

When you walk away
And we never even had a chance
As the sadness slips away
And I only have one thing left to say

You're the reason that I'm alive
(I'm alive)
Twist that knife but I just won't die

You're the reason that I'm alive
(Reason that I'm alive)
Leave you here as you watch me fly away

Woah-oh, woah-oh, watch me fly away
Woah-oh, woah-oh, as you watch me fly away

I'm rising up on broken wings
I'm, and I'm choking back these empty sins
I'm, well, I hope you take this, take this as you want

You're the reason that I'm alive
(Reason that I'm alive)
Twist that knife but I just won't die

You're the reason that I'm alive
(Reason that I'm alive)
Leave you here as you watch me fly away

Woah-oh, woah-oh, as you watch me fly away
Woah-oh, woah-oh, as you watch me fly away

Watch me fly, watch me fly, watch me fly away
Watch me fly, watch me fly, watch me fly away
Watch me fly, watch me fly, watch me fly away
