You suffocated me  
When I try to breath  
You all leave in me  
Let the light  
You got to think it out  
But Im chill about now  
And I dont wanna go back  
I dont wanna go back  
All I want in life is to skip in the end  
Nothing left to care about  
As long as he pretend  
Just skip to the end  
When I hear you say  
aint not that bad  
I got a ..when I was sad  
Hey would you really try to save your breath  
I giving you a breath to get out of my head  
Keep your charity  
Cause I dont need you to contact me  
So go find another ..  
Cause I dont want you here  
I dont want you here  
When this day is probably done  
Tomorrow its probably denided  
All I want in this life is to skip to the end  
Nothing left to care about  
As long as he pretend  
Just skip to the end  
Say what you feel  
It isnt real  
You want indeed  
Say what you feel  
Who wanna be  
When this day is probably done  
Tomorrow its probably denided  
All I want in this life is to skip to the end  
Nothing left to care about  
As long as he pretend  
Just skip to the end  
All I want in this life is to skip to the end  
Nothing left to care about

As long as he pretend  
Just skip to the end  
Just skip to the end  
Just skip to the end
