One, two, three, go

Broken

Yeah, you've been living on the edge of a broken
dream

Nothing

Yeah, that's the only thing you'll ever take away from
me

I'm never gonna stop and never gonna drop

Ain't no different than it was before

So take some good advice, you better stop and think
twice

Before you take your first step out that door

If you wanna step up

(Step up)

You're gonna get knocked down

(Knocked down)

If you wanna step up

(Step up)

You're gonna get knocked down

You had your chance to walk away

Live to see another day

If you wanna step up

(Step up)

You're gonna get knocked down

(Knocked down)

You're gonna get knocked down

Suffering

Yeah, that's the only thing here that's left for you

Nothing

Yeah, that's the only thing you're ever gonna, can do

I'm never gonna stop and never gonna drop

Ain't no different than it was before

So take some good advice, you better stop and think
twice

Before you take your first step out that door

So if you wanna step up
(Step up)
You're gonna get knocked down
(Knocked down)
If you wanna step up
(Step up)
You're gonna get knocked down

You had your chance to walk away
Live to see another day

If you wanna step up
(Step up)
You're gonna get knocked down
(Knocked down)
You're gonna get knocked down
You're gonna get knocked down

And now you've crossed that line
You must be out of your mind
Go

If you wanna step up
(Step up)
You're gonna get knocked down
(Knocked down)
If you wanna step up
(Step up)
You're gonna get knocked down

You had your chance to walk away
Live to see another day

If you wanna step up
(Step up)
You're gonna get knocked down
(Knocked down)
You're gonna get knocked down

You're gonna get knocked down
(Step up)
You're gonna get knocked down
You're gonna get knocked down
(Step up)
You're gonna get knocked down
