It took some time to realize
All the bullshit in my eyes, until I got away from you
And then I guess you thought you'd be cool
And make me look I'm the one the fool
Well I don't care 'cause you're the one to blame

I can't believe it all comes down to this
A penny for your thoughts would make me sick
And anything less would be a crime
Told me, told you

Shut up, shut up, shut up, shut up, shut up, shut up,
shut up
Told me, told you
Shut up, shut up, shut up, shut up, shut up, shut up,
shut up, shut up

Well everything is not okay
But tomorrow's another day, I'll find my perfect way out
And then I guess you thought that you'd be smooth
And make me look like I'm another fool
Well I don't care 'cause I don't believe anything you say
or do

I can't believe it all comes down to this
A penny for your thoughts would make me sick
And anything less would be a crime
Told me, told you

Shut up, shut up, shut up, shut up, shut up, shut up,
shut up
Told me, told you
Shut up, shut up, shut up, shut up, shut up, shut up,
shut up

Shut up, now
Just like this!

I cut my losses to save face
And I've found my perfect space I've crawled back
inside of myself
And then I guess you tried to make me be

Everything you wanted me to be
Well look up from the ground and see who's laughing
last

I can't believe it all comes down to this
A penny for your thoughts would make me sick
And anything less would be a crime
I do what it takes to pull me through
No thanks to anything that you could do, I'll never trust
again

Told me, told you
Shut up, shut up, shut up, shut up, shut up, shut up,
shut up
Told me, told you
Shut up, shut up, shut up, shut up, shut up

Shut up, shut up
