feat. The Weeknd

Let is slow down, she's feeling in the morning
Eight o'clock girl, you'll be seeing in the morning

To down and down and no aim if you're running
Ain't no aim now and she's pulling
And her love is too enfolded
All that to me, the money ain't somebody
All that put me the money she'll be funny
Girl, put in work, girl girl put in work
Girl, put in work, girl girl put in work

My person, long time, my time, wrong person
New person, all last, old person, relax
The story that she live, she's just trying make it living
Off the nales, broken that diamond
Diamond dollars, dark lives
On this bright night, put that in the work
All she knows is cumble that whole
And turn the niggas to naked feelings

Let is slow down, she's feeling in the morning
Eight o'clock girl, you'll be seeing in the morning
To down and down and no aim if you're running
Ain't no aim now and she's pulling
And her love is too enfolded
All that to me, the money ain't somebody
All that put me the money she'll be funny
Girl, put in work, girl girl put in work
Girl, put in work, girl girl put in work

This life, she's browning
Can't sleep, always up
Gain that money, can see certain
Is the life she's living
Just try to satisfy these niggas
That she's worthful, just turn
Sit that beans, and pay that ring
She go and in, till it is
Then do Larouver, hit them hills

Even though it hurts, so girl let's work
Girl let's work

Let is slow down, she's feeling in the morning
Eight o'clock girl, you'll be seeing in the morning
To down and down and no aim if you're running
Ain't no aim now and she's pulling
And her love is too enfolded
All that to me, the money ain't somebody
All that put me the money she'll be funny
Girl, put in work, girl girl put in work
Girl, put in work, girl girl put in work.
