"Baby, here I am"

[5FT.]

It's a total eclipse, alone with this track  
Once the, moon turns black, the shit is a wrap  
Step back, and give this legend some space  
So I can, set the pace, I'm not playin' with the case  
Call me the, hungry piranha, spit it like the llama  
Fifty caliber, ride the road like no tomorrow  
I gotta, deliver it hotter, and hotter  
Wicked like Chaka, who dealt hot? Lick you a shotgun  
Nigga, I top gun, number one question that's asked  
Who gonna stop son, nah, nigga, not one  
Slaughter the daily order, leave you wetter than water  
Rest in peace to my nigga Headquarterz  
And big Rah Rah, AVK Crew thick to the sky  
All dangerous, all on the front line  
Heads up, ears and eyes open  
I'ma wolverine with a guillotine, wicked when I stroke it  
I do it for the family, the struggle of life  
Bought out the hell and the man in me  
Being on top of my greatness, is where I plan to be  
This is serious business, no time for fantasy  
It's 5, BDI Thug and Evil Dee  
Duck Down, cuz we buckin' the shot at this industry
