Trying to make sense of this life
Ideas swirling in my head
Iâ€™m more creative when I try not to be
So I listen to myself instead

Iâ€™ve given it some thought
So glad the past is gone
Seems like my momentâ€™s come
And I like that a lot
Donâ€™t rain on my parade
See Iâ€™m here to stay
The life Iâ€™ve led so far
Iâ€™ve done a damn good job

Donâ€™t tell me what I can and cannot do
Not while the night is young
My life is free and not owned by you
Not while the night is young
Donâ€™t waste my time to be what people adore
Not while the night is young
Say what you will I donâ€™t care anymore
Not while the night is young

I know I know
Iâ€™m all out of order
Forgive if I speak my mind
Iâ€™ve had it to here with boring conversation
Soon time will pass me by

Iâ€™ve given it some thought
So glad the past is gone
Seems like my momentâ€™s come
And I like that a lot
Donâ€™t rain on my parade
See Iâ€™m here to stay
The life Iâ€™ve led so far
Iâ€™ve done a damn good job

Donâ€™t tell me what I can and cannot do
Not while the night is young
My life is free and not owned by you
Not while the night is young

Don't waste my time to be what people adore
Not while the night is young
Say what you will I don't care anymore
Not while the night is young

I'm so tired of trying to be what you want
Knowing I will never succeed
Going forward
I'll be just fine
If you let me be who I want to be
The first thing I think when I hear your words
Is don't listen cause you only live once
I'm on a roll
Fate don't stop me now
Not while the night is young

The night is young
The night is young
Ohhhhhhhh

Don't tell me what I can and cannot do
Not while the night is young
My life is free and not owned by you
Not while the night is young
Don't waste my time to be what people adore
Not while the night is young
Say what you will I don't care anymore
Not while the night is young
