Never before in my life through
Every hello every goodbye
Have I ever fell so far so soon
Girl it you

A beauty, you are in my eyes
And every touch feel so right
It's taking me deeper into you

And I would give my time, my soul
My love, my everything
And every night no one
Nowhere nothing that can complete
'Cause you mean the world to me

Take away my car, take away clothes
Take away my fame, take away my dough
And I'll be okay without it
If you right here with me

Take away my house, take away my jewels
My material things, baby, take that too
I won't shed a tear without it
If you're right here with me

So many things I never knew about myself
So many things I never fell in no one else
You have shown me and it's only with you, baby
'Cause I know true happiness

In you I've found
I never fell and I've been around
If I had the world to give you
You know that's what I would do

Listen, girl, say I'll be okay if you're right here with me
I'll give you any and everything just to make you see
It's you love is so you for you
If you love and make me complete

Take away my car, take away clothes
Take away my fame, take away my dough

And I'll be okay without it
If you right here with me

Take away my house, take away my jewels
My material things, baby, take that too
I won't shed a tear without it
If you're right here with me

Girl, you love is don't right needs
