and now you gonna leave?

[Sisqo]

Verse 1:

I wish i never told you you should leave,  
I wish me and you never had my seed,  
No I better stop it that's a lie, cause girl you were the  
apple of my eye,  
It took a little time for me to see, that girl I need you  
right here next to me,  
I could let you walk away but I'm not goin out that way,  
no

Not that way no

Not goin out that way, cause can't live with you, can't be  
without  
you, I'm beggin you to stay(Stay) please stay(Stay)

Chorus:

I love you, even though I said that you can leave me  
I want another chance just to adore you  
I still believe in you and me(i love you)  
I could take the time, take the time to see  
Cause I don't wanna have to live my life in misery  
I wasn't ready for you to set me free  
Don't give our love away  
Heyyyyy

[woody]

Verse 2:

Words can describe how I feel about you  
Only heaven knows how much I do

I'd die without your love baby if you leave
