[nokia:]

The beauty's gone

[sisqo:]

My time wasn't enough (I'm spendin it all with you)

My heart wasn't enough (I'm givin' it to you)

My money wasn't enough (I'm givin' you all that)

My house wasn't enough (but you live in that)

And now you wanna leave

[verse one (sisqo):]

Wish I never told you "you should leave"

Wish me and you never had my seed

No I better stop it that's a lie

'cause girl you were the apple of my eye

Took a little time for me to see

That girl I need you right here next to me

I done let you walk away

But I'm not goin out that way, no

[hook:]

Not that way

Not goin out that way

I can't live without you

Can't be without you

I'm beggin' you to stay, to stay

[chorus:]

I love you

And even though I'm sayin that you can leave me

I wanted other chances to adore you

I still believe in you and me, I love you

Won't you take the time (love you)

Take the time to see (leave me)

I don't wanna have to live my life in misery

I wasn't ready for you to set me free (adore you), (I'm  
in love)

Don't give our love away

[verse two (scola):]

Words can't describe how I feel about you

Only heaven knows how much I do

Girl I'll put my own life on the line  
I'd cherish and protect you with my life  
All that s\*\*\* I said girl I didn't mean  
I'd die without your love baby if you leave  
I could let you walk away  
But baby I'm not goin out that way

[hook:]  
Not that way  
Not goin out that way  
'cause I can't live without you  
Can't be without you  
I'm beggin you to stay, oohhh

[chorus:]  
I love you  
And even though I'm sayin you can leave me (I was just  
bulls\*\*\*tin baby)  
I wanted other chances to adore you (I was just f\*\*\*in  
around)  
'cause I still believe in you and me, yeah  
Won't you take the time (love you)  
Take the time to see (leave me) (take the time)  
I don't wanna have to live my life in misery  
I wasn't ready for you to set me free (adore you) (I  
don't wanna live my life without you here

[nokio:]  
Might as well just kill me

[bridge:]  
All my life (all my, my life, I'd sacrifice for you)  
Sacrifice (baby, I'd sacrifice for you, baby I'd sacrifice)  
After that rising sun  
Is another day begun  
I won't live without you  
Won't be without you  
I'm beggin you to stay (can't you just understand I just  
don't wanna be with you? )  
Please stay

[chorus:]  
I love you  
And even though I'm sayin you can leave me  
I wanted other chances to adore you  
(gonna take my time, take my time, to give you the love  
that you want)  
Won't you take the time (love you)  
Take the time to see (leave me)  
I don't wanna have to live my life in misery  
I wasn't ready for you to set me free (adore you)

'cause I love you  
I love you  
I love you  
I love you  
I love you  
I love you  
I love you, baby  
And I still believe in you and me

(I love you)  
Oh, I love you  
I love you  
I love you  
I love you  
I do  
Waitin for you  
For you, baby  
I love you

[nokia:]  
We need each other  
I taught you how to love  
You taught me how to love  
And from that we created love (I love you)  
You stayed with me when I was doin' wrong  
So why'd you leave me when I started doin right  
The beauty's gone  
I love you  
I love you
