# "My Angel / How Could You"

Visit "[My Angel / How Could You](#)" on MotoLyrics.com

Spoken (This is dedicated to my real angel Ms. Joan I  
Milburn Green love you  
Mommy)  
You taught me everything  
In life IÃ¢ÄÂ™ d need  
Sometimes I felt you were  
My everything  
And if it were all left up to me  
YouÃ¢ÄÂ™ d be right beside me  
But youÃ¢ÄÂ™ re gone  
Although I know  
YouÃ¢ÄÂ™ re in a better place  
So selfishly  
I wish you couldÃ¢ÄÂ™ ve stayed  
How I long to hear you call my name  
Lord give me the strength to carry on  
And on  
If you talk to my angelÃ¢ÄÂ™  
The one who carried me and gave me life  
Could you tell her that I love her  
And I canÃ¢ÄÂ™ t wait to see her on the other side  
Wooh (4xÃ¢ÄÂ™ s)  
Do Do Do Do Do  
Rest in peace mommy  
I love you

(Woody)  
Was it all in vain when I gave my  
Life to you, did I make the right decisions  
Lord tell what am I supposed to do?  
(Sisqo)  
How do I fight temptation when my life  
Is full of sin, and if I ever fall from your  
Grace will you accept me again

Bridge  
I want to know if I'm washed in your blood  
Will you set my whole life free, if so (if so)  
Then I'll continue to love thee

Chorus  
How could you forgive me

How could you forgive me when my  
Life was filled with sin (your arm were  
Open wide) when your arms were open, I turned  
My back and then you continue to bless me it's  
No further from the truth,(there's  
No doubt about it) I said there's no  
Doubt about it, never find a friend like you

(Scola)

Why do you do it(oh why?)  
When it seems I've forgotten you it  
Just shows you know my heart and there is  
None like you

(Jazz)

You're the light in the midst of darkness  
(darkness) it you who made a sound(made the  
Sound) if anyone can fix my life I know you're  
The one (I surrender) I surrender it all to you  
Jesus, please give me your help, I need you( I need  
you)  
Yes I do yeah (yes I do) I need to know

I want to know if I'm washed in your blood  
Will you set my whole life free, if so (if so)  
Then I'll continue to love thee  
(I wanna know, I wanna know)

How could you forgive me  
How could you forgive me when my  
Life was filled with sin  
When your arms were open, I turned  
My back and then you continue to bless me it's  
No further from the truth,(and there ain't  
No doubt in my mind) I said there's no  
Doubt about it, never find a friend like you

Adlib

Repeat chorus

Never find a friend like you(until fade)
