I don't have to think about it
I've never been in love
And I only dreamed about it
I wondered what it was

But now I think I know It's clear to me
You've made me understand
I'm so proud to say I love you
I'm so proud to be your man, yes I am

I promise I'll never hurt you
I'll never make you cry
I'll promise I'll never hit you
Cross my heart and hope to die

'Cause I know I'll keep you safe
I'll keep you warm
I'll keep you satisfied
Be your sunshine in the morning
Be your everything at night

You told me what you wanted
I gave you what you need
I told ya that I love you
Make it good for you and me
And I never make a promise
That I can't keep, that ain't me

You told me what you wanted
And I gave you what you need
I told ya that I love you
Make it good for you and me
And I never make a promise
That I can't keep, that ain't me

Ain't no way to get around it
Now you're stuck with me. baby, baby
Did you know that you'd be surrounded
By my love and ecstasy

This is the start of one great love affair
That's never, never, never gonna end

We can share the world together
Oh, this is where it begun

You told me what you wanted
I gave you what you need
I told ya that I love you
Make it good for you and me
And I never make a promise
That I can't keep, that ain't me

You told me what you wanted
And I gave you what you need
I told ya that I love you
Make it good for you and me
And I never make a promise
That I can't keep, that ain't me

Girl I'll stand by you
If you give me your hand
I'll make love to you baby
Your every wish is my command

Let's play out your fantasies
I'll make you lose your mind
Take you places you ain't never been before
I promise you in time

You told me what you wanted
I gave you what you need
I told ya that I love you
Make it good for you and me
I never make a promise
That I can't keep, that ain't me

You told me what you wanted
I gave you what you need
I told ya that I love you
Make it good for you and me
I never make a promise
That I can't keep, that ain't me

If I make a promise to you
Then baby that's what I'll do
I've have nothing to lose
I'll give my whole world to you
I never make a promise
That I can't keep, that ain't me

I'm a man of my word
For you I'm always concerned
That you'll never be hurt

It's for better or worse
I never make a promise
That I can't keep, that ain't me

You told me what you wanted
I gave you what you need
I told ya that I love you
Make it good for you and me
I never make a promise
That I can't keep, that ain't me

You told me what you wanted
I gave you what you need
I told ya that I love you
Make it good for you and me
I never make a promise
That I can't keep, that ain't me
