CHORUS

You know I'll never stop wanting you
You know I'll never stop needing you
You know I'll never stop loving you
Without you I can't do a thing

Verse 1

Girl I wonder what went wrong
Where we fell apart
From a love that was so strong
I wonder where our hearts got lost
Some where twisted and out
I'm trying to pull my self from off the ground
Girl I just want to know where, how and who are you
loving now
I do
I need you now
(need you now)
Need to work it out some how
(oh yes)
Cause I can see you part of me
With you is were I need to be
Need to be
I want to know why

Chorus (2x)

You know I'll never stop wanting you (Who's gonna love
you if i'm gone
You know I'll never stop needing you girl i swear i'll
hold on
You know I'll never stop loving you cause without you i
can't do a
Without you I can't do a thing thing)

You know I'll never stop wanting you (Who's gonna love
you if i'm gone
You know I'll never stop needing you girl i swear i'll
hold on
You know I'll never stop loving you without you i can't
do a
Without you I can't do a thing thing)

Verse 2

I'm puzzled
Heart is slowly dying
Cause I don't know
Why I keep on trying
When you're so cold
Why I keep on crying only
Heaven knows
It's something deep in side
I just can't let it go
And I'm about to loose my mind
Girl I can't sleep no more

Can't eat no more
Girl I'm falling down
This is all because we had a falling out
I never meant to go that route

Won't you pull me from the pain I feel inside
Enough to make the strongest man break down and cry
Would you come and wipe these tear drops from my
eye
Loosing you is like loosing my mind
Cause I need you in my life
I want to know why

Chorus (2x)

You know I'll never stop wanting you (Who's gonna love
you if i'm gone
You know I'll never stop needing you girl i swear i'll
hold on
You know I'll never stop loving you cause without you i
can't do a
Without you I can't do a thing thing)

You know I'll never stop wanting you (Who's gonna love
you if i'm gone
You know I'll never stop needing you girl i swear i'll
hold on
You know I'll never stop loving you without you i can't
do a
Without you I can't do a thing thing)

Bridge

I've loved you all my life
And I've learned some times we sacrifice
Do whatever it takes
To make love turn out right

Chorus (2x)

You know I'll never stop wanting you

(Oh yeah)
You know I'll never stop needing you
(oh yes)
You know I'll never stop loving you
(oh babe)
Without you I can't do a thing

You know I'll never stop wanting you
You know I'll never stop needing you
You know I'll never stop loving you
(oh baby i'm begging you on bended knee)
Without you I can't do a thing

Extended Chorus

Baby I can't live another day
(You know I rather'd I move on)
Without you in my life
Won't be the same
(I'll Never Be the Same 2X)
What Will I do
Can't take the pain
What will i do
Won't be the same
What will I say
Girl things have changed
Girl I can't live this way

3x
Come back to me,
Come back to me baby
