Can I talk to you for a second
There is something I wanna

I remember in our first days
You would never ever leave me alone
But now it seems here lately babe
That you are always gone

So tell me what am I supposed to do
Should I stay and wait for you
My heart is slowly aching for your love
And I don't know what to do

Give me one good reason
I should stay
Your love is out of season
Be on your way
My eyes are tired of cryin'
So what are we gonna do
So give me one good reason
Why I should stay with you

Our love is like an hourglass
You know we're runnin' out of time
How could you go and do this to me
When you know it's messin' with my mind

I was there when you needed me
So why can't you see
I know you say that you love me babe
But your friends they come before me
So baby

Give me one good reason
I should stay
Your love is out of season
Be on your way
My eyes are tired of cryin'
So what are we gonna do
So give me one good reason
Why I should stay, why I should stay

I can't explain no no
How the joy that you gave to me
Has turned to pain
To pain baby
See I'm not gonna cry no more baby
I'm walkin' out the door baby
One thing I know for sure

That I should stay
Your love is out of season
Be on be on your way
My eyes are tired of cryin'
So what are we gonna do, gonna do
So give one good reason
Why I should stay

So give me one good reason
Your love is out of season
I'm tired of tryin' to please you
So that is why I'm leavin' you

Why me, why me baby
Why me, why me
Why me babe, why me
