See I've been waiting
For a love like yours
To come and knock at my door
So tell me what you're looking for baby
See I've been searchin' for a lifetime
Just to meet a love again
So take my hand and let me lead the way

You're the one for me
And I'm the one for you
So come share my world, with me
See you're the only one
The one that I adore
So come share my world, with me

See you're as lovely as a ray of sunshine
I wanna make you mine
Until the end of time
There's no other that can take your place
I wanna feel your warm embrace
I wanna feel your body baby

You're the one for me
And I'm the one for you
So come share my world, with me
See you're the only one
The one that I adore
So come share my world, with me

So take my hand and follow me
I'll show you things that you never see
You know true love is so hard to find
I'm gonna be yours forever baby
And you'll be mine

You're the one for me
And I'm the one for you
So come share my world, with me
See you're the only one
The one that I adore
So come share my world, with me

When it gets right down to it
Doesn't this love just erase away the bad times
I don't think you hear me
When it gets right down to it
Doesn't this love just erase away the bad times
