Tell me what you want
Tell me what you need
Tell me if it ain't good enough for you baby
Tell me

Tell me what you want
Tell me what you need
Tell me if it ain't good enough for you baby
Tell me

Anything is possible
Anytime you want it girl let me know
Won't Ask why, just let it flow
Do your thang baby, take control
On my knees, just say the word
No request is gonna go unheard
I'll take my time when I'm lovin' you
Foreplay at one won't end 'til two

Tell me what you want
Tell me what you need
Tell me if it ain't good enough for you baby
Tell me

Tell me what you want
Tell me what you need
Tell me if it ain't good enough for you baby
Tell me

Candelights, we're alone
I'm up in your mix if you put me on
Talk to me, I'll understand
Your need to feel a gentle hand
Now girl it's not my stlye, I cannot lie
You know I like to serve it on the freaky side
(Is that what you like)
What you want, I can't ignore
So tell me what you're looking for, yeah

Tell me what you want
Tell me what you need
Tell me if it ain't good enough for you baby

Tell me

Tell me what you want
Tell me what you need
Tell me if it ain't good enough for you baby
Tell me

When I lay you down I can hear your body speak
Tellin' me to kiss you 'til your knees get weak
All night
Workin' that, workin' that, workin' that body, baby
In the bed or the middle of the floor baby
My love is guaranteed to make you go crazy
Tell me girl, girl please tell me

Tell me what you want
Tell me what you need
Tell me if it ain't good enough for you baby
Tell me

Tell me what you want
Tell me what you need
Tell me if it ain't good enough for you baby
Tell me

Tell me what you want
I'll do anything
