Whispers pasted in silence  
Two lovers passing in the night  
A love that's lived in darkness  
That could never survive in light

What are we gonna do?  
What are they gonna say?  
Where are we gonna go  
When they find out?

What are we gonna do?  
What are they gonna say?  
Where are we gonna go  
When they find out?  
(Sing your song, sing your song, sing your song)

I really don't know you well  
You gotta get to know me too  
So see if we can make this work  
Though your friends won't approve

See we can't let them know  
(Let them know)  
Exactly what's going on  
(Going on)  
'Cause they won't understand  
(Oh, no, no)  
What we have between us

What are we gonna do?  
(We gonna do)  
What are they gonna say?  
(They gonna say)  
Where are we gonna go?  
When they find out?

What are we gonna do?  
(No, baby)  
What are they gonna say?  
Where are we gonna go  
(Oh, yeah)  
When they find out?

I know we may be rushing  
Theres no time to think it through  
'Cause when love over comes your heart  
There's nothing you can do

Misery loves company  
(Oh, yeah, yeah)  
By now you should know  
([Incomprehensible])  
People always have advice  
About being together when they're all alone  
(Oh, yeah)

(I cry)  
I cry, I cry late at night baby  
(Inside)  
Inside my heart babe, I was all alone  
Don't you let no god damn body come in  
And tear our love apart

'Cause I love you girl  
Your all my world  
So what are we gonna do? Oh, yeah  
(What are we gonna do?)

I feel so afraid babe  
I feel like a baby  
Just hold me darling  
And let me know

I need to know  
I've gotta know  
What will we do, do baby

What are we gonna do?  
What are they gonna say?  
(What will we say?)  
Where are we gonna go  
(Where will we go)  
When they find out?  
(When they find out?)  
(When they find out, baby)

What are we gonna do?  
(And I don't really care)  
What are they gonna say?  
(Cause I won't go no where)  
Where are we gonna go?  
(Cause you can always count on me)  
When they find out

(It makes me want to say)

What are we gonna do?  
What are they gonna say?  
Where are we gonna go  
When they find out?  
(Make me wanna say)

What are we gonna do?  
What are they gonna say?  
Where are we gonna go  
When they find out?

What are we gonna do?  
(Oh baby, baby)  
Oh well, well, well, well, well, well  
Oh baby, well, well, well, well
