When god comes to me
I will be shaking
Gun loaded on my ?knee?
My fingers waiting, gonna tell'em
I was born... mistaken
Then I'm gonna let my finger sleep
God help my shaking head
I can't see a line, ?a line is up there?
Gonna taken mother single soul
Your favorite sinner
My god it's just a dream
He's got the answer
This city is killing me
Faster and faster
Gonna tell'em I was born...broken
And then I'm gonna let myself run free
God help my bleeding head
I can't see a line, a line is up there
Gonna taken mother single soul
Your favorite sinner
