I feel
stained and I'm in pieces
In my mouth the
sad taste of the past I had
A thousand
wasted kisses
But
another glass
And a
cigarette
Just
anything
To help
forget the things that
Every day I
still find missing
Let the whole
world crash down on me
And let the
curtains rise
I could do
so much harm
I could do
you no good
I'll leave a
stain in your heart
I
would
Yeah, I'm
gonna mess up your life
And make you
forever blue
'Cos I
could hurt you
I know
I could
I know
I could
Misty haze
and the final rest
They say the
first shall be the last

But not
for me
'Cos I
don't believe it
So
another glass
And a
cigarette
Just
any man
To help
forget the things that
Every day I
still find missing
Let the whole
world crash down on me
And let
the curtain rise
I could do
so much harm
I could do
you no good
I'll leave a
stain in your heart
I
would
Yeah, I'm
gonna mess up your life
And make you
forever blue
'Cos I
could hurt you
I know
I could
I know
I could
