You can get your  
life stolen and die in the shade  
Lie in the bed  
that your parents have made  
You can all go to  
hell at a red traffic light  
As a matter of  
speaking I couldn't care  
You can stuff your  
beliefs and your nursery rhymes  
I drink till I'm  
senseless whatever the wine  
With no hope, no  
glory and no jesus christ  
We all turn into  
ashes, welcome to the show  
But hold  
tight and hold still  
For a little  
while and for real  
I could  
break it up  
I could  
break it in two  
Are you  
holding tight?  
Are you  
holding still?  
Holy father and  
son change your disguise  
For all the good  
people and sinners alike  
So I try and have  
fun in a rock n' roll band  
And your party is  
over, do you understand  
And the future  
is set in a shadowy road  
You can try to  
walk back through the streets  
that  
you know

But the houses are  
empty and nobody's home  
Only sad looking  
dogs and welcome to the show  
But hold  
tight and hold still  
For a little  
while and for real  
I could  
break it up  
I could  
break it in two  
Are you  
holding tight?  
Are you  
holding still?
