"Lied To You"

I lied to you
You lied to me

I don't believe in virtue
Or the things that people have to say
Or the things that swell inside you
It's just the same old thing said another way

So how am I supposed to love you
I don't know
It seems to me there's nothing left
It seems I have to live without you
I didn't want to

I lied to you
You lied to me

I don't believe I told you
That my hands are hanging by my side
That my head is bowed below you
That my knees are touching to the ground

And I ask because I need to
It's hard to do but
Asking's all that I have left
It seems I have to live without you
I didn't want to
