You can't tell me how to feel
And I can't tell you what is real
And I am, I am
The only one who is my friend

We were waiting
We were waiting so high
So high
So high
So high

And I don't feel it anymore
I won't take it anymore
My friend the place I am is here
I wish you to be in fear

We were waiting
We were waiting so high
So high
So high
So high

No I don't believe your way of getting even
You're just wrong
And I can't break through this grey façade
You're mask protects you very well it's
Always on

We were waiting
We were waiting so high
So high
So high
So high
