I stood out here once before
With my head held in my hands
For all that I had known of this place
I could never understand
On the hills the fires burned at midnight
Superstition plagued the air
Sparks fly as the fires burn at midnight
The stars are out and magic is here

I wished on the seven sisters
Bring to me wisdom of age
All that's locked within the book of secrets
I long for the knowledge of the sage

On the hills the fires burn at midnight
Superstition plagued the air
Sparks fly as the fires burn at midnight
Stars are out and magic is here
The stars are out and magic is here

So the sisters smiled to themselves
And they whispered as they shone
And it was from that very instant
I knew I would never be alone

While on the hills
The fires burned at midnight
Superstition plagued the air
Sparks fly as the fires burn at midnight
Stars are out and magic is here
The stars are out and the magic is here ...

[instrumental]

Many stars were long forgotten
Many faded and became ghosts
Still my sisters glittered down from heaven
Always there when I needed them most

And on the hills the fires burned at midnight
Superstition plagued the air
Sparks fly as the fires burn at midnight

Stars are out and magic is here
The stars are out and magic is here

[instrumental]

I stood out here once before
With my head held in my hands
For all that I had known of this place
I could never understand

On the hills the fires burned at midnight
Superstition plagued the air
Sparks fly as the fires burn at midnight
Stars are out and magic is here
The stars are out and magic is here
The stars are out and magic is here
The stars are out and magic is here
