Health to the company

Kind friends and companions, come join me in rhyme  
Come lift up your voices in chorus with mine  
Let us drink and be merry, all grief to refrain  
For we may or might never meet here again

So here's a health to the company, and one for my lass  
Let us drink and be merry, all out of one glass  
Let us drink and be merry, all grief to refrain  
For we may or might never meet here again

A ship lies at harbour, she's ready to dock  
I wish for safe landing without any shock  
And if we should meet again, by land or by sea  
I will always remember your kindness to me

So here's a health to the company, and one for my lass  
Let us drink and be merry, all out of one glass  
Let us drink and be merry, all grief to refrain  
For we may or might never meet here again

My footsteps may falter, my wit it may fail  
My course may be challenged by November gale  
E'er fortune shall prove to be friend or be foe  
You will always be with me wherever I go

So here's a health to the company, and one for my lass  
Let us drink and be merry, all out of one glass  
Let us drink and be merry, all grief to refrain  
For we might or may never meet here again
