Standin' in the rain  
The cold and angry rain  
In a long white dress  
A girl without a name

She stood beneath the light  
Glowin' like a candle bright  
I guess, it doesn't matter anymore  
No I guess, it doesn't matter anymore

I pulled along the side  
And offered her a ride  
Like the rolling mist  
She floated inside

As we pulled away  
She had nothin' to say  
So I guess, it doesn't matter anymore  
Though I guess, it doesn't matter anymore

I believe something's can't be explained  
They are hidden in the mist and in the silver rain

The road was long  
It ran on  
When I heard her singing  
Her silent song

I knew the melody  
From my memory  
But I guess, it doesn't matter anymore  
Said, "I guess, it doesn't matter anymore?"  
Yeah, I guess, it doesn't matter anymore

Finally she spoke  
Come pull off the road  
Saying  
She was headin' home

I turned and she was gone  
I was all alone  
But I guess, it doesn't matter anymore

Said, 'I guess, it doesn't matter anymore?

I believe something's can't be explained  
They are hidden in the mist and in the silver rain

As I walked away  
No reason to stay  
She had faded back  
Into the grey

A whisper in the trees  
You could hear it in the breeze  
Say I guess, it doesn't matter anymore  
Said, 'I guess, it doesn't matter anymore?  
No I guess, it doesn't matter anymore

I guess, it doesn't matter anymore  
I guess, it doesn't matter anymore  
Say I guess, it doesn't matter anymore  
No I guess, it doesn't matter anymore  
No I guess, it doesn't matter anymore
