

Blackmore's Night "Toast To Tomorrow"

Come and gather around
And join in the crowd,
Singing the songs that we know
We'll drink a toast to tomorrow and one to days long ago...
We'll drink a toast to tomorrow and one to days long ago...

We will dance through the night
In the candlelight,
Warmed by the fires glow
We'll drink a toast to tomorrow and one to days long ago...
We'll drink a toast to tomorrow and one to days long ago...

And we'll follow the stars
No matter how far,
Wherever the wind may blow
We'll drink a toast to tomorrow and one to days long ago...
We'll drink a toast to tomorrow and one to days long ago...

HEY!

When the sun starts to rise
We'll not hide our eyes,
We'll greet her with a kiss hello...
We'll drink a toast to tomorrow and one to days long ago...
We'll drink a toast to tomorrow and one to days long ago...

HEY, HEY, HEY, HEY, HEY, HEY, HEY!

All the memories we share
Greet us everywhere,
Along life's twisting road
We'll drink a toast to tomorrow and one to days long ago...
We'll drink a toast to tomorrow and one to days long ago...

ago...

Come and gather around
And join in the crowd,
Singing the songs that we know
We'll drink a toast to tomorrow and one to days long
ago...
We'll drink a toast to tomorrow and one to days long
ago...
And one to days long ago...
And one to days long ago... HEY!
