Jilted from a place in the back of my mind
There's no time for a reconcile
Tilted in a way that I cannot define
Gonna take what I know is mine

Close your eyes and watch me fly
Everything I've left behind
All I want is piece of mind
Disconnected

How in the world did I get so free
Nothing's gonna get to me
'Cause I'm far too happily
Disconnected

Deny all the shame that you're feeling inside
Runaway from the sense you hide
Don't try we don't all suffer from lack of pride
So, get back to your so called life

Close your eyes and watch me fly
Everything I've left behind
All I want is piece of mind
Disconnected

How in the world did I get so free
Nothing's gonna get to me
'Cause I'm far too happily
Disconnected

All of my life answering to someone else
Living to die never asked for your help
Buried inside it was here once nevermore
Nowhere to hide I'm still alive won't die

To get rid of this pain I gotta fight, fight
To get rid of you is my right, right
Take it away I don't need this anymore
It's time to delay my disconnected life

Close your eyes and watch me fly
Everything I've left behind

All I want is piece of mind
Disconnected

How in the world did I get so free
Nothing's gonna get to me
'Cause I'm far too happily
Disconnected

Close your eyes and watch me fly
Everything I've left behind
All I want is piece of mind
Disconnected

How in the world did I get so free
Nothing's gonna get to me
'Cause I'm far too happily
Disconnected
